"I've Been Searching So Long"

***As my life goes on, I believe somehow something's changed
Something deep inside – a part of me.
There's a strange new light in my eyes –
Things I've never known –
Changing my life . . . changing me.
I've been searching so long to find an answer.***

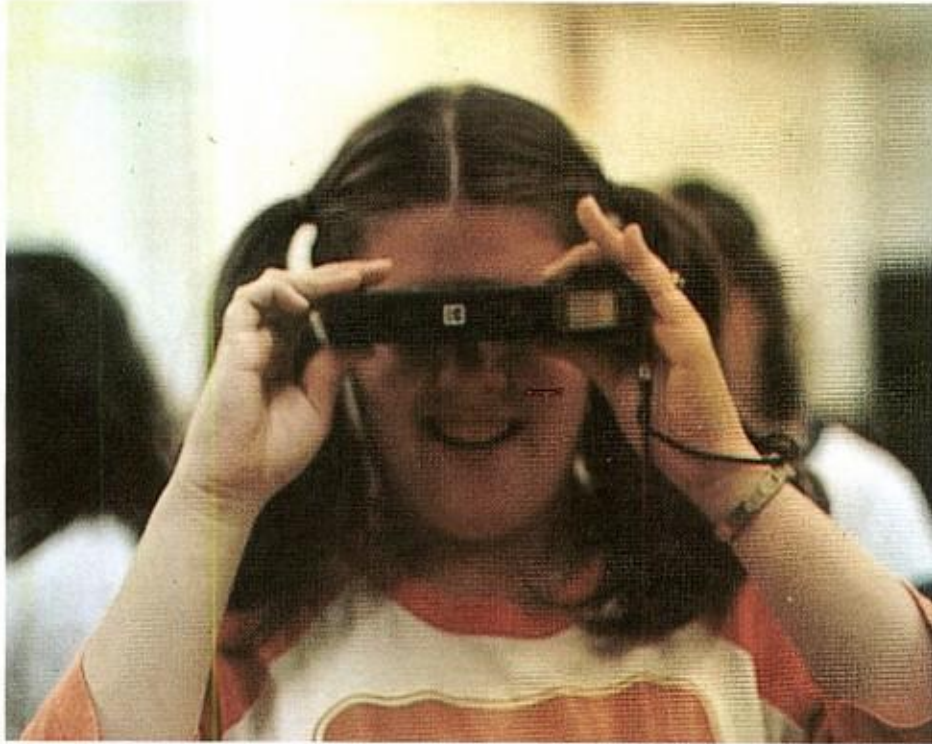

***Now I see myself as I am – feeling very free.
Life is everything it's meant to be.
When my tears have come to an end,
I will understand – What I left behind ought to be.
I've been searching so long to find an answer.
Now I know my life has meaning.***

"Chicago"
Lyrics: James Pankow

*As my life goes on, I believe somehow something's changed.
Something deep inside – a part of me.*

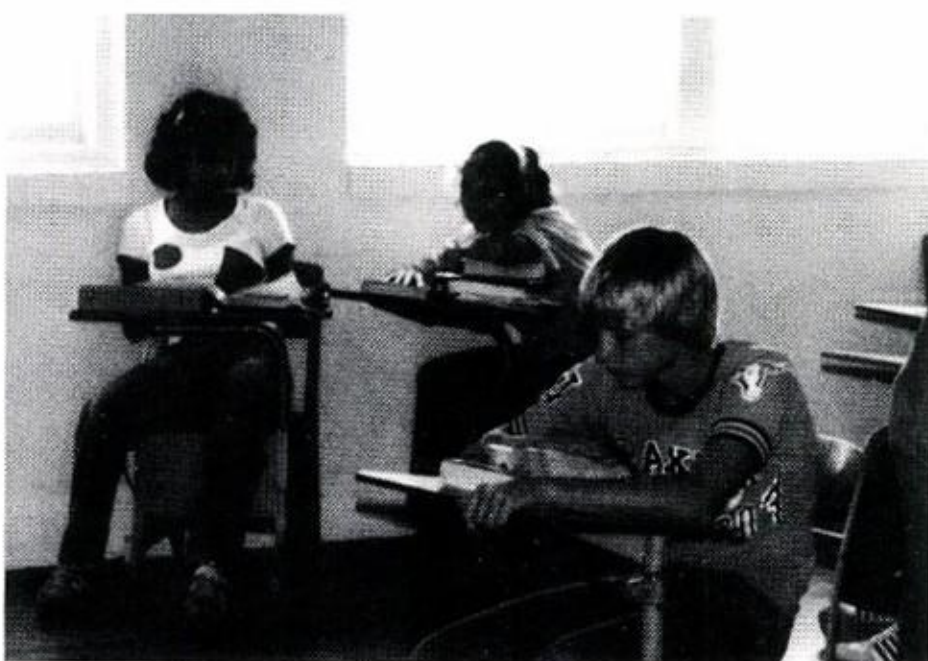

*There's a strange new light in my eyes –
Things I've never known –*

Changing my life . . . changing me.

I've been searching so long to find an answer.

*Now I see myself as I am –
feeling very free.*

*Life is everything it's meant
to be.*

*When my tears have come
to an end,*

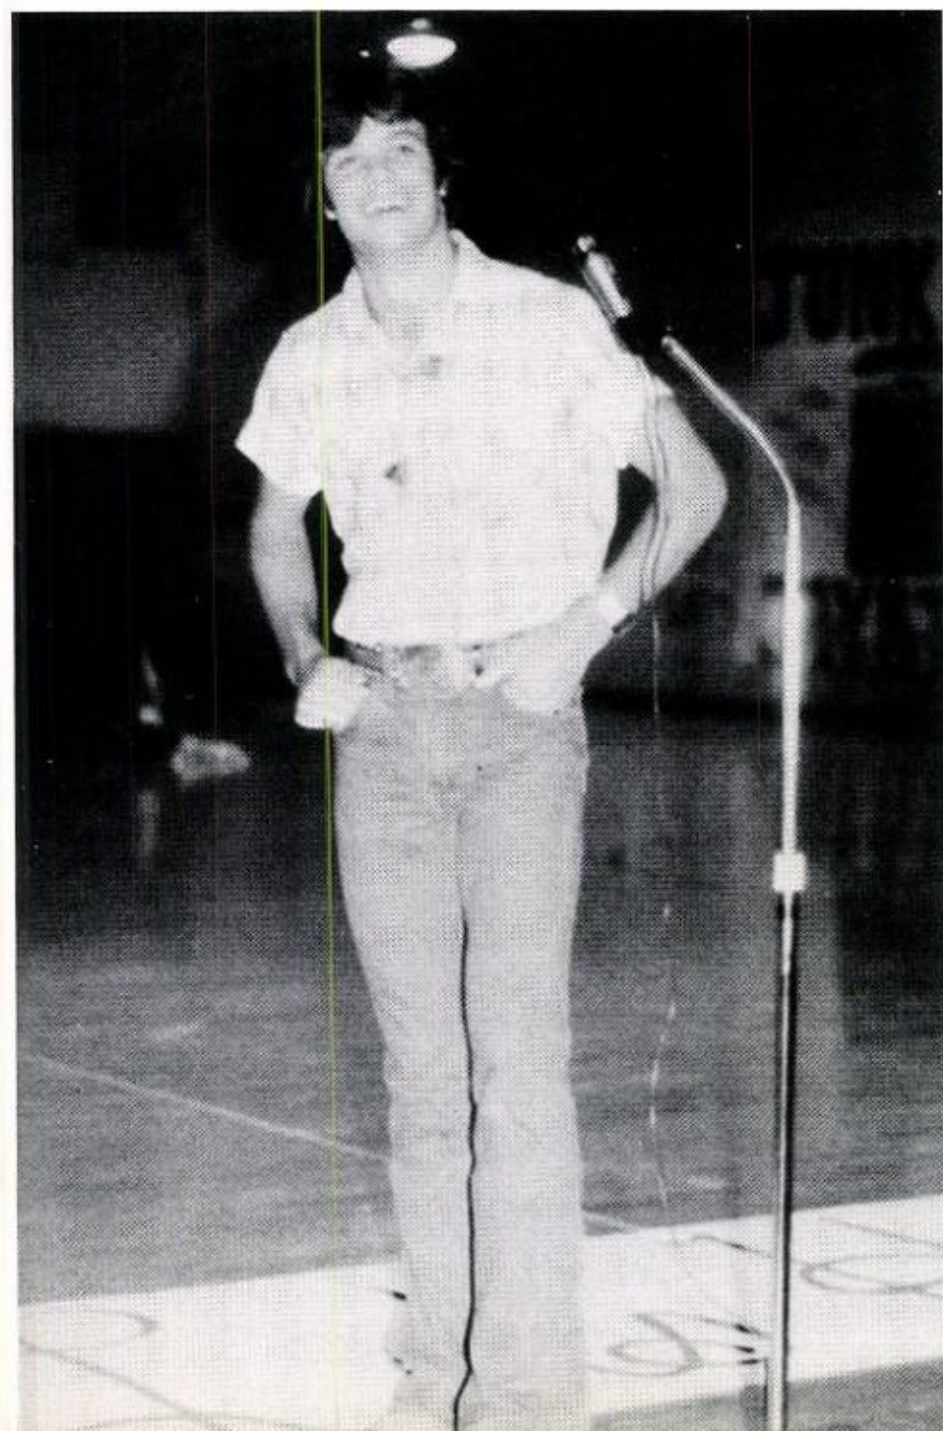

*I will understand –
what I left behind ought
to be*

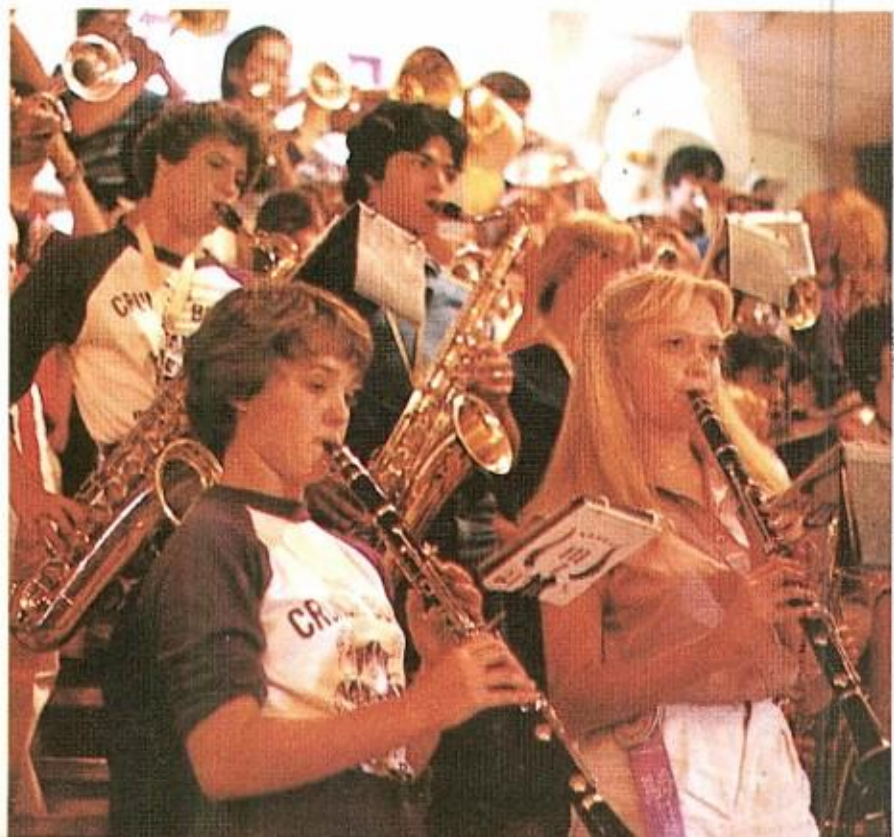

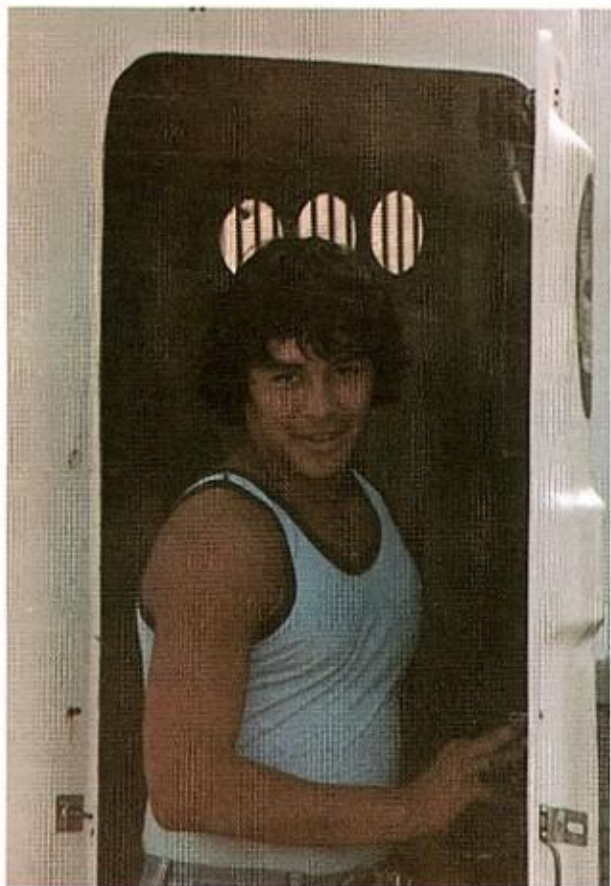

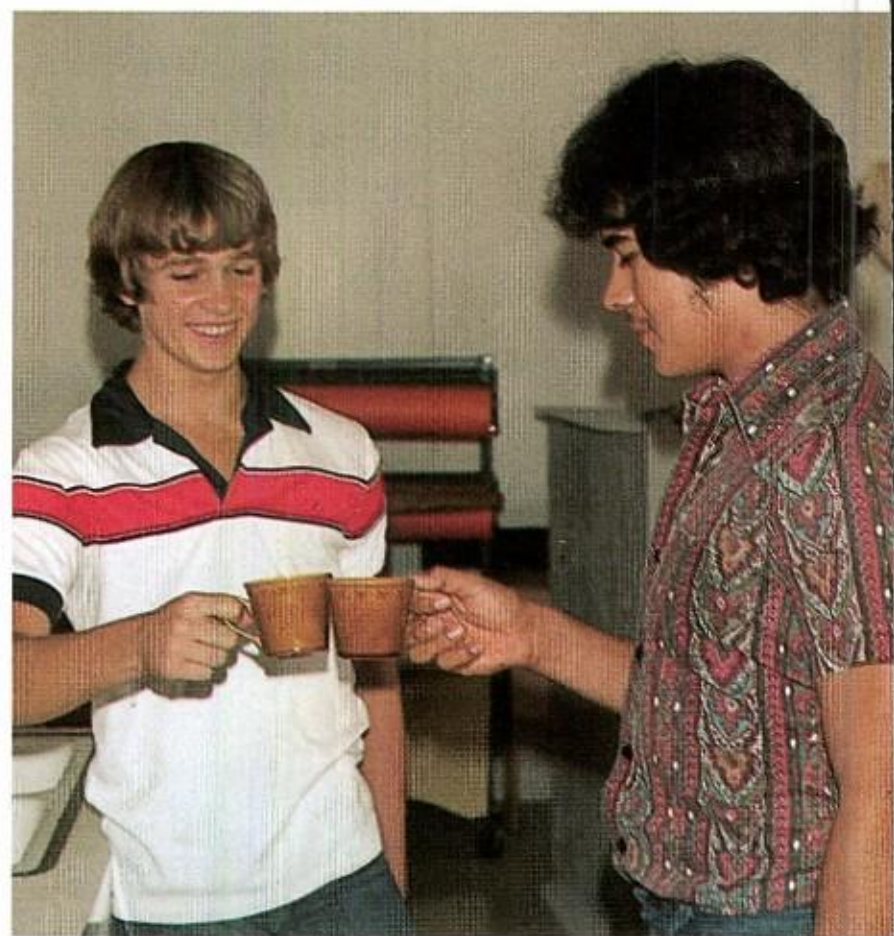

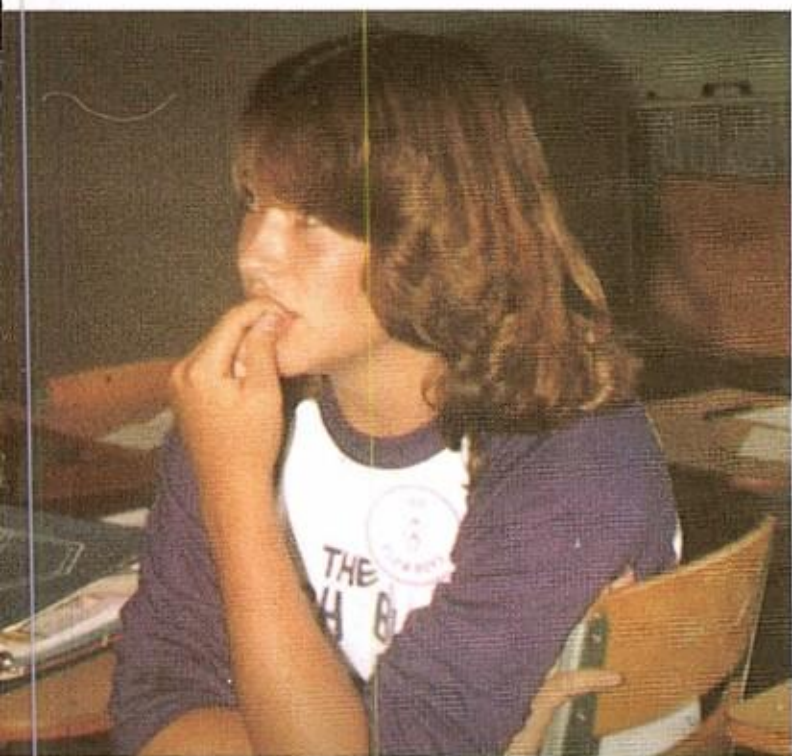

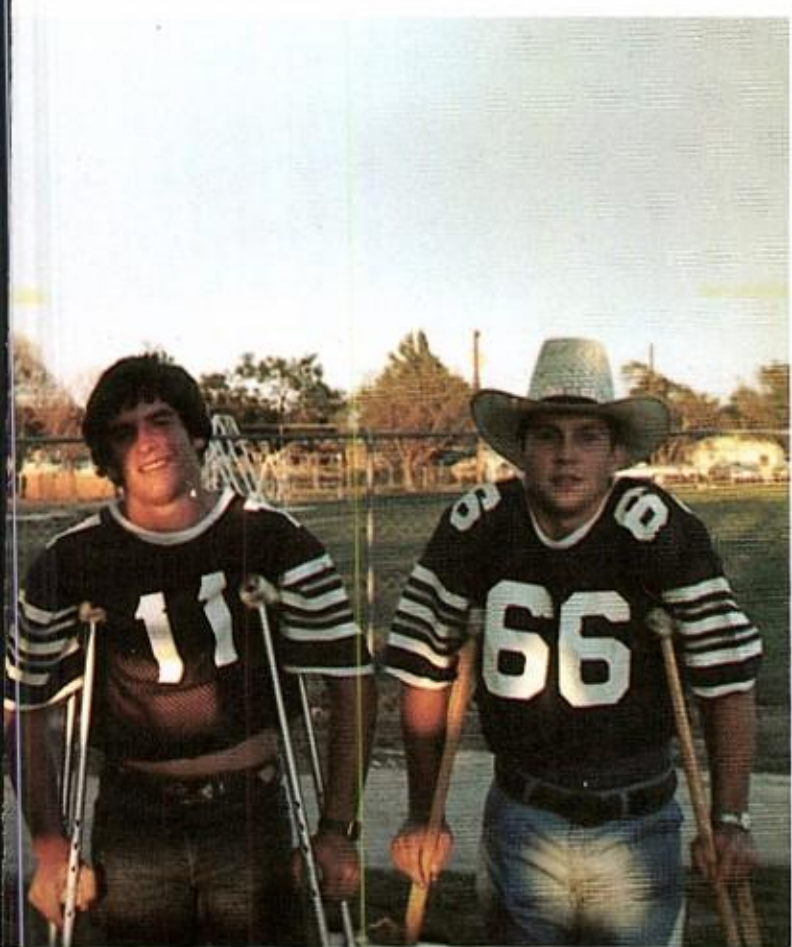

*I've been searching so
long to find an answer.*

*Now I know my life has
a meaning.*

It's time to say goodbye, now,
 To all the friends we've known.
 Though painful they will be,
 Our farewells we can't postpone.

Our time here is finished,
 Over with and done.
 But actually it's not an ending,
 We've only just begun.

As we leave this school today
 And look at it one more time.
 We'll remember the memories made
 As we matured to reach our prime.

Relatives, teachers, and friends,
 Many thanks to you we say.
 Your love has made it all worthwhile.
 You're what got us here today.

Now it's time for us to go
 And let our lives continue on.
 We know we'll never forget RHS,
 Even long after we're gone.

– Iwana Miller –

GIRLS' STATE SONG

We are the future builders,
Builders in a band;
And we come from Girls' State,
The best State in the land.
We are up and coming,
Progressive, kind, and strong;
And, to our own Girls' State,
We proudly sing this song.

This song expresses the traits that we, as citizens need to apply to ourselves. At Bluebonnet Girls' State, we learned about all forms of government: local, county, district, State, and Federal.

Girls' State is a mythical state organized and administered for citizenship training purposes. It was very exciting and a learning experience that we will never forget.

We would like to thank everyone who contributed and made our trip to Girls' State possible.

BOYS' STATE

Boys' State was an unforgettable event. We considered it an honor to have this opportunity to learn about our government. We, as seniors realized that this was an event which helped us prepare for the role we have as citizens of the United States. Boys' State is an experience of not only fun and games but of hard work. The only thing we did not enjoy was the hours of sleep we lacked. We would like to thank those who made this event possible.

To the 1980-81 Senior Class of Roscoe High:

Congratulations to each of you for your many successes during your school life.

We live in a free and beautiful land where "life, liberty, and the pursuit of happiness" are granted us. We are free to use our lives as we see fit, but we can take advantage of many opportunities to make our lives richer.

I challenge each of you to take advantage of these opportunities and privileges, thus living your life to the fullest. Free education and freedom of worship help mold our lives into more useful beings. We can make good use of leisure time by participating in good clean recreation. We can choose friends who will help us live fuller lives. These opportunities are yours. I know you will take advantage of them.

Sincerely,
S. V. Box
Superintendent

President of School Board
R. B. Pieper

OUR DEDICATED ADMINISTRATORS!

80-81 School Board members *standing (left to right)* are: John Brasuell, Mark Davidson, Hank Brown. *Sitting* are: Jerland Freeman, Letha Boston, Doyle Edmiston.

As you complete your high school education, you will discover that the real journey of your lives has just begun. And as you travel the paths you have chosen, I feel that experience will teach you that life is not a book with old age as a last chapter, but rather a series of short stories, each with its own unfolding. Through each new adventure I know that you will learn that true happiness comes to those who give fully of themselves to what they believe in and to their fellowman.

Sincerely,

Mr. Alton Fields,
High School Principal

OUR SUPPORTIVE PRINCIPALS

Congratulations to the seniors on completion of your public school education. This is really only a beginning as you must study and learn continually in order to keep pace with our changing times. May you set goals for yourselves based on high moral standards and a strong faith in yourselves and a Supreme Being. In this way you will be better prepared to face the life ahead.

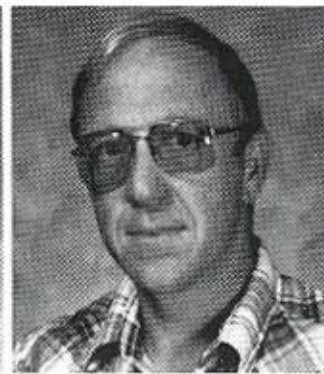

May I also commend the annual staff and its sponsor, Mrs. May, for a great job done in preparing this book of memories.

Best wishes to each of you.

ANNUAL STAFF 1980-81

The 1980-1981 Gleaner Staff members are: *Seated (left to right):* Perry Leonard, Melinda Langston, Mrs. May, Virginia Guerrero, D'Ann Witherspoon, David Etheredge. *Standing (left to right):* Nathan Sauer, Dickie Julian, Mark Brasuell, Tina Walker, Susan Smith, James Hernandez, Tim Kerby, Greg Moesch.

I considered it an honor to work with such a dedicated staff. This yearbook would have never been completed without the help of our sponsor and staff. We have contributed as much as possible to make this yearbook a special one. The memories in here are ones for everyone to cherish, especially for our seniors. The purpose for this yearbook is for the student body to reminisce the good times of R.H.S. I will always show my pride and respect for R.H.S.

Sincerely,
Editor,

Virginia

Looks like we made it!

Working hard. Can't you see?

WHAT A MAN!!!

We're getting ready for your generation.

In the years ahead you'll need more electricity than you're using right now because there's a lot to be done. Like new jobs, more efficient homemaking, health care and cleaning up the environment. Right now Texas Electric is building new lignite coal and nuclear-fueled power plants that will help make sure you have the electricity you're going to need.
